A to Z Solution for Infrastructure  
India's No. 1 Software

# StrategicERP

StrategicERP is a software platform for start-to-end process automation, information management system customized for Real Estate & Infrastructure Industry. The product owes its cutting edge to its core technology developed by team from IITian's. StrategicERP user interface is completely web-based, LAN supported & Mobile-based application that is far more exible compared to conventional ERP systems oered by branded players.

The software architecture allows to overcome scale limitation and as a result within a short span of 10 years of its launch the product has made a mark for itself within the SME and large construction and infrastructure industry vertical. Through this product we strive to deliver quick streamline of existing business process of our clients to StrategicERP.

# Testimonials

**Mr. Ashish B. Jain,**  
Kundan Spaces,  
Managing Director,  
(Pune)

We decided to go for StrategicERP® of ITAakash after using and analyzing other real estate applications.

The objective was to have an integrated environment and centralized control over the business. The best part of StrategicERP® is Customization as per client's requirement. It gives great comfort to existing users. Implementation and the quality of executives is remarkable.

We would like to appreciate the team of ITAakash who gave their best and completed the project on time. Planning of data management, taking efforts in understanding our present system and active co-ordination with different departments, really helped us to succeed. We are grateful to ITAakash Team members for the co-operation in taking our project on Live stage with StrategicERP® modules.

**Dinesh Bhanushali**  
Director,  
Marvel Developers  
(Mumbai)

After exploring multiple Real Estate ERP solutions, we decided to go with StrategicERP Basic. as it covers core functionalities of purchase, contract and sales department. It's integration with tally has helped our accounts department to avoid duplicate entries .

StrategicERP basic is effortlessly used by our users in various departments and has helped us to automate our processes and get ready MIS reports.

We would recommend this application to all fellow developers who are looking for an affordable and easy to use ERP application.

**Mr. Chaluve S Gowda,**  
Director, Hombale  
Constructions

We are using StrategicERP for our company and with the help of StrategicERP all sites are connected to single solution.

The financial module with its various statutory compliance have helped us in better utilizing our manpower because of its excellent integration with engineering and Purchase module. In addition, StrategicERP has helped us to automate the most complex and demanding business conditions in our company.

This in turn has helped in managing our extremely high paced growing business

**Mr. Kapil Gandhi,**  
Sigma One  
Landmarks

Let me take this privilege to thank strategic ERP on behalf of Sigma One Landmarks for giving us the great support and co-ordination. we appreciate your enthusiasm and patient to understand our expectations and deliver the splendid results, your effort resulted into a fruitful implementation of all modules as per our requirement & generating MIS reports as per company stakeholders requirement. We are satisfied with all recent customizations and development done by strategic ERP. We are looking forward to have continued support from strategic ERP team.

Wish them all the best and we recommend strategic ERP to all our fellow Real Estate Developer.

# Our 500+ Esteemed Customer
